ICICI Bank and First Data Enter Merchant Acquiring Alliance

ICICI Merchant Services combines established merchant base with global acquiring expertise

Mumbai: ICICI Bank, India's largest private sector bank, and First Data, a global leader in electronic commerce and payment services, have formed a merchant acquiring alliance named ICICI Merchant Services which has acquired ICICI Bank's merchant acquiring portfolio. The transaction was completed on December 22, 2009. The venture brings together one of India's largest merchant portfolios, representing approximately 30% of the current Indian acquiring market, and a leading acquirer and payment services provider with global expertise.

ICICI Merchant Services, which is owned 81% by First Data and 19% by ICICI Bank, will build on the bank's existing acquiring portfolio of approximately 150,000 merchants. Over time, ICICI Merchant Services expects to deliver an enhanced suite of card acquiring services to these and to new merchants. ICICI Bank will continue to act as a settlement banker for the merchants.

ICICI Bank is India's second largest bank with over 1,500 branches across the country. First Data, a KKR company, provides payment processing services for 5.3 million merchant locations globally and serves customers in 36 countries around the world. By partnering with a leading global player like First Data, we are able to expand our service offering to our merchant customers."
